

10 Gigabit Layer 3 Industrial Switch

The Westermo range of industrial layer 3 switches provides enhanced routing functionality, all in a robust, single unit design. Our switches offer static routing, IPSec VPN support, DMZ and a powerful ...

EtherWAN's EG97023 is a fan-less, ruggedized layer 3 switch with 12 10G SFP+ and 8 gigabit ports, offering fault isolation, security management, network traffic segregation, low latency, and ...

Our rugged 10G switches provide reliable performance for critical industrial networks. Equipped with advanced features like VLAN, QoS, link aggregation, and redundancy, these ruggedized 10G ...

The switch is ideal for smart city, surveillance, intelligent traffic control systems and production automation applications. CTC Union is high-quality Industrial Layer 3 10G Ethernet Switch, L3 3x ...

Layer 3 switching function (static route/RIP/OSPF/VRRP) Power supply, port abnormal status relay output alarm function. Operating temperature: -40~75°C. IP40 protection, fan-less, industrial grade, ...

Our Industrial Ethernet Switch portfolio comprises Managed and Unmanaged Switches with Gigabit, PoE, IEC 61850 certification, and for DIN rail mounting.

Cost optimized, managed 10GE switch supporting multiple 1/10 gigabit Ethernet connections and Layer 3 capabilities. GL5080X offers wire-speed switching across sixteen ports and features an extremely ...

Antaira's 10G Ethernet switches are fully manageable industrial Ethernet switches, boasting pre-loaded, standard Light Layer 3 network management software. Our 10G managed switches are equipped to ...

The switch is ideal for smart city, surveillance, intelligent traffic control systems and production automation applications. CTC Union is high-quality Industrial Layer 3 ...

Moxa's Layer 3 managed switches feature industrial-grade reliability, multicast availability, and security enhancements based on the IEC 62443 standard.

Structure large, demanding networks with SCALANCE X-500 layer 3 switches. Achieve maximum performance with up to 52 ports and transmission rates of up to 10 Gbit/s.
