

With 48 RJ45 ports, this switch offers high port density and supports Power over Ethernet (PoE+), making it the optimal choice for use in data centers and the network infrastructure of small and ...

Combined with the high resiliency hardware and software features, the XGS3700/GS3700 Series PoE switches are ideal for mission critical IP surveillance, WLAN and high quality VoIP applications.

This document covers monitoring interface configuration, hardware management configuration, energy saving management configuration, PoE configuration, information management ...

Yes, the S3700-28TP-PWR-SI offers outstanding value with its 24 PoE+ ports, ideal for SMBs requiring efficient power and data solutions. It includes 24 Ethernet 10/100 PoE+ ports, 2 Gig SFP ports, and 2 ...

It provides up to 30 watts per port with IEEE 802.3at PoE Plus compliance, and is backward compatible with the IEEE 802.3af standard. It provides an industry-leading PoE power budget of 1000 watts with ...

JetStream 28-Port Gigabit Stackable L3 Managed Switch (Newer Version Available: SG6428X )

The S3700 PWR can use PoE power supplies with different power levels to provide -48V DC power for powered devices (PDs), such as IP Phones, WLAN APs, and Bluetooth APs.

With its flexible VLAN deployment, PoE capabilities, comprehensive routing functions, and capability to migrate to an IPv6 network, the S3700 helps enterprise customers build next-generation IT networks.

Speci cally designed for bringing power through Ethernet cables virtually anywhere, it supports a maximum of 8 PoE/PoE+ ports (802.3af/at) to produce up to 240W Power over Ethernet output.

It provides up to 30 watts per port with IEEE 802.3at PoE Plus compliance, and is ...

Buy Online XGS3700-24HP - ZyxEL 24-port GbE L3 Access PoE Switch with 10GbE Uplink from [harddiskdepot](#) with Free Shipping
