

In simple campus scenarios, the switch can achieve easy configuration and high information security, while in large-scale interconnecting scenarios, the switch can realize auto-negotiated update of ...

The RG-S6150-48VS8CQ-X is part of the Ruijie Switches series, which is a 48-port 10GE all-optical layer 3 managed core and aggregation switch. It provides advanced network connectivity and high ...

The S7300-48X2Q4C is suitable as a switch device at the aggregation layer. The 10G downlink port can be connected to the access layer switch or server, and the 40G/100g uplink port can be connected to ...

Focuscom S5863-48SX2QC: High-density 10G L3 Managed Switch with 48x SFP+ & 2x 100G QSFP28 ports. Ideal for data centers & enterprise cores. Features redundant power, stacking, and advanced ...

RG-S6150-48VS8CQ-X - 48-Port 25GE All-Optical Layer 3 Managed Core & Aggregation Switch, 100G Uplink. High-performance network switch for enterprise, campus, or data center use. Reliable, ...

Scale your infrastructure fast with our 48 port switches featuring PoE and SFP uplinks. Choose from managed and unmanaged models and streamline your setup now.

Featuring 48 multi-gig ports (up to 5G), 4x 25G SFP28, 2x 40G QSFP28 uplinks, and high-power PoE++, it's built as a robust Ruijie network switch for Campus, Core, Enterprise, and ...

Serves as an aggregation switch to connect access-layer switches across multiple buildings, making it ideal for large-scale campuses with multiple buildings and branches. It enables unified network ...

The Extreme 7520 are purpose-built 48-port 10Gb and 48-port 25Gb switches designed for high-performance aggregation and core applications.

This Switch is engineered for robust network redundancy. Its 2-unit physical stacking enables a redundant ring that preserves data integrity even if one switch fails.
