

The AFBR-57R5APZ is a high-performance optical transceiver module designed for fiber optic communication systems. It operates at a data rate of up to 10 Gbps and is primarily used in short ...

AFBR-57R5APZ - Transceiver Module 4.25GBd 850nm 3.3V LC Duplex Pluggable, SFP from Broadcom Limited. View datasheets, pricing and availability from DigiKey now!

Buy CHcnSGd AFBR-57R5APZ 4G multimode 850nm SFP Optical Module SFP Optical Module: Network Transceivers - Amazon FREE DELIVERY possible on eligible purchases

The AFBR-57R5APZ is a 4/2/1Gbaud MMF Fibre Optic Transceiver supports high-speed serial links over multimode optical fibre at signalling rates up to 4.25Gbps.

AFBR-57R5APZ devices provide real-time access to transceiver internal supply voltage and temperature, allowing a host to identify potential component compliance issues. Received optical ...

The AFBR 57R5APZ is a high-performance optical transceiver module. This article explores its specifications and applications, highlighting the superior quality and reliability offered by the brand ...

AFBR-57R5APZ Broadcom / Avago Fiber Optic Transmitters, Receivers, Transceivers Transceiver datasheet, inventory, & pricing.

We test every AFBR-57R5APZ optical transceiver before shipment to make sure the AFBR-57R5APZ can work in your system without any problem. If you need the datasheets of AFBR-57R5APZ, please ...

Description: Digital Diagnostic SFP, 850 nm, 4.25/2.125/1.0625 GBd, RoHS Compliant Optical Transceiver.
Manufacturer: AVAGO TECHNOLOGIES LIMITED.
