

Automatic Temperature Calibration Device for Optical Modules

Shop for Temperature Calibrators and other test & measurement instruments at Instrumart. Browse online, or one of our Applications Engineers can help you choose the right product for your application.

The calibration chamber accommodates up to 5 probes or sensors of any brand or model. The chamber is insulated, and temperature controlled for maximum stability and minimum temperature gradients.

These cutting-edge systems provide an extensive temperature range, from -40°C to +90°C, allowing for meticulous thermal testing and temperature calibration of your devices. Trust ThermalAir to deliver ...

Time Electronics have a range of calibrators for simulation and measurement of RTDs and thermocouples. Handheld models are portable test instruments for field calibration of instrumentation ...

The Mercury Instruments Automatic Calibration Unit consists of a specially designed mercury vessel containing elemental mercury of high purity, surrounded by an aluminium jacket cooled by a ...

Simple and fast NIST traceable calibration source for iWave and IR sensors. Calibrate sensors at temperatures up to 175 °C. The AutoCal Calibration Device with PID Temperature Controller ...

The Beamex MC6 is an advanced field calibrator that offers a lot of functionality for temperature calibration, such as RTD and thermocouple measurement and simulation, with dual measurement ...

The IQ-12002 calibration software, like all Visual IQ applications, is efficient and user-friendly controls measurement from start to finish according to user-selected parameters eliminates the possibility of ...

From 100 mA to 100 Amps, Arroyo Instruments" laser drivers provide precise control over the optical output while protecting the laser diode with robust safety features. Temperature stability and ...

Whether you're looking to calibrate a temperature transmitter in the field, test an RTD sensor, simulate a thermocouple, or calibrate a temperature transmitter at the bench, Fluke has a temperature calibrator ...
