

Dedicated air switch for distribution boxes

Automated, compact and expandable complete power distribution device. It can be widely used in the construction and transformation of urban and municipal power grids.

UniSec Air, ABB's innovative medium-voltage solution, is an SF6-free switchgear designed for secondary distribution up to 24kV, 630A, and 20kA.

Dedicated high specification Electronic Expansion Valves (EEVs) per circuit ensure precise refrigerant control for high space comfort and reliable system operation.

The intelligent miniature air switch integrates control and multiple protection functions. The air switch is widely used for AC and DC equipment power supply, o

(2) The empty circuit breaker, wiring wires, wiring ties, etc. inside the box have been prepared and meet the design drawings and installation requirements for Low-voltage distribution cabinet.

Choose from our selection of air switches, including over 1,200 products in a wide range of styles and sizes. Same and Next Day Delivery.

The air conditioning distribution box consolidates power distribution and protection for HVAC systems, offering organized wiring, accessible controls, and enhanced safety.

The LineBOSSTM Sidebreak switch is the most robust, yet elegant sidebreak switch in the market today. Every LineBOSSTM component brings meaningful operator benefits for years to ...

Single Air Switch, Compatible with 12 Amp, 120V AC Appliances. Includes: (1) NEMA 5-15R, 15 Amp Duplex Receptacle and 15" Tube. Two Button Choices: Satin Nickel & White. H x W x D: 3.75" x ...

Eaton's Cooper Power™ series Type ED switch is a distribution enclosed single-pole air switch rated at 7.8 kV, 75 kV BIL, 400 and 600 A continuous current. The Type ED porcelain-housed disconnect ...

Singi Electrica is China manufacturer & supplier who mainly produces miniature circuit breaker, mccb, distribution box, SPD, junction box with 25 years of experience.
