

Professional high power green, red, blue laser pointers, engraver modules, cutter engraving machines, diodes, best handheld LLLT cold laser therapy devices

ROHM offers a diverse product lineup that meets the needs of an ever-expanding range of applications. The RLD90QZW8 is a 120W infrared high power laser diode developed for distance ...

High power laser diodes (>10 Watts) are available at wavelengths from the near infrared through roughly the 2000nm region. The most common devices are in the range of 808nm through 980nm.

Berlin Lasers offers a variety of genuine industrial alignment lasers, laser pointers, laser diode modules, laser line generators, cross line laser modules, laser diodes, ...

From beam generation to the workpiece, Laserline can offer industry-appropriate high-power diode lasers for material processing. Laserline's high power lasers can achieve a standard laser power of ...

Compact and powerful laser diode array modules featuring a T6 building block design with integrated cooling and electrical manifold. These modules deliver up to 1 megawatt of output power, ideal for ...

In the range from 405 nm to 1550 nm, these high power laser diodes deliver an optical output power from a few mW to 55 W out of the fiber. An optimum in optical and electronic performance is ...

GREEN diode pumped solid state (DPSS) laser pointer emitting at 532 nm with rated output power of <5 mW, utilizing a 808 nm pump laser diode with Nd:YVO4 crystal and IR filter. An integrated Automatic ...

The GRAVITAS 15W is the world's strongest laser pointer at 15,000mW. Visible for over 30+ miles, this double-diode-stacked handheld laser is truly special.

Software Allows for Modulation and Output Power Control Available in Wavelengths From 405nm to 940nm
