

An enclosure which includes mounts, and protects such items as switches, circuit breakers, jacks, fuse holders, connectors, terminals and/or terminal boards, resistors, capacitors, transformers, and the like. It is primarily designed to distribute electrical power from one or more primary power source (s) such as generator (s) and battery (ies) to one or more electrical and/or electronic item ...

The new doghouse (portable distribution system) is ideal for tradeshow and ...

Customized IP67 Switch Distribution Box, Aviation Socket with Leakage protection and Fuse, Industrial Electrical Equipment

Features a rugged and durable casing that can withstand external forces and impacts, as well as high-quality electrical insulation, high temperature resistance and excellent dust and water resistance.

The Seat Power Box (SPB) is designed to provide both 110V AC power for passenger PEDs and DC power for the IFE, USB charging ports, and other in-seat equipment.

Internally equipped with multiple specifications of industrial grade aviation sockets (covering 16A to 200A current levels), supporting a three-phase five wire power supply system, which can ...

20KW 6-way portable aviation distribution box Power:20KW Main Breaker:63A/3P Input:380V Output:220V Output Channels/Current:6*32A/1P Output Frequency:50Hz Control ...

Our Company supplies round waterproof connectors (plugs for aviation), air-tight connectors, heavy-duty connectors, and industrial waterproof plugs and sockets, distribution boxes, harnesses in conformity ...

The new doghouse (portable distribution system) is ideal for tradeshow and exhibitions where a large number of convenience receptacles are needed over a wide area.

Falken BusBox provides aircraft builders with 30 robust electrical circuits, each capable of handling up to 10 amps, organized conveniently into two buses with 15 main circuits and 15 avionics circuits.

The PHLTD brand aviation sockets play an indispensable role in aircraft electronic equipment by virtue of their excellent electrical connection and grounding requirements, as well as outstanding fire - ...
