

The ESCON 36/3 EC is a small-sized, powerful 4-quadrant PWM servo controller for the highly efficient control of permanent magnet-activated brushless EC motors up to approximately 97 Watts.

A cable conversion kit from original ESCON to MT-RJ is available from IBM to enable this conversion without changing the existing cable infrastructure. New installations should design a ...

The Enterprise Systems Connection Architecture ESCON is a channel interconnection environment developed by IBM to take advantage of fiber media and dynamic connectivity. ESCON connector is ...

The connector system is a Retractable Shroud Duplex (RSD) and can be supplied as terminated patchcords or pigtails. Hybrid patchcords, terminated one end with an ESCON connector and the ...

The advantage of this approach is firstly having ruggedized trunk cables for longer runs of cabling, and secondly achieving lower insertion loss due to better alignment of fibres in 12-fibre ...

The device has a configurable output current limit and an overcurrent protection function. This protects the controller in case of a short circuit in a motor winding or a damaged power stage.

In an ESCON environment, the total optical attenuation (loss) calculated for a specific link, the value of which should not be more than the maximum loss allowed for that link.

Hybrid patchcords, terminated one end with an ESCON connector and the other end with MT-RJ, LC, ST or SC can be made to your specific length requirements. We are able to provide RSD cable ...

with a retractable shroud. Molex's unique termination process and the factory polished and radiused ferrules combine to produce quick and convenient snap-in mounting styles. Precision zirconia ceramic or ...

Low insertion loss and back reflection loss Ferrule end surface pre-domed Precision anti-rotation key and corrosion resistant body UL-rated plastic housing Telcordia style boots Free-floating ceramic ferrule

Low insertion loss and back reflection loss Ferrule end surface pre-domed Precision anti-rotation key and corrosion resistant body UL-rated plastic housing Telcordia ...
