

Eight-port gigabit switch industrial grade 24V

Boasting a versatile product line, flexible port configurations, and an industrial-grade management interface, this switch offers a comprehensive security protection system, seamless ring network ...

With its modern, slim, and flat design to minimize surface area usage, these switches are ideal for demanding industrial applications that require compact solutions to deliver network performance.

Plug-and-play Industrial switch ideal for deployment in industrial and outdoor cabinet surveillance settings.

8-port 10/100/1000BASE-T Gigabit Ethernet with IEEE 802.3at compliant PoE, 30W/port, Redundant Power Inputs Design, Built-in Power Booster Design for PoE/PoE+ Output, Built-in Relay Output ...

TRENDnet's 8-Port Industrial Gigabit PoE DIN-Rail Switch, model TI-PG80B, is an industrial variable voltage switch with eight gigabit PoE ports and a 200W PoE power budget.

TRENDnet's 8-Port Industrial Gigabit PoE+ DIN-Rail Switch is an industrial variable voltage switch that provides PoE+ devices with high-speed connectivity to your ...

ATOP EHG6408 Series is an Industrial 8-port unmanaged 24V PoE Gigabit Switch with 8 x 10/100/1000 BASE-T (X) ports and optional PoE ports with booster function (12~57 VDC)

This 8-port managed industrial PoE++ Gigabit switch includes two SFP+ data ports allowing you to connect extra devices depending on your needs. This ruggedized industrial switch is developed for ...

TRENDnet's 8-Port Industrial Gigabit PoE DIN-Rail Switch, model TI-PG80B, is an industrial variable voltage switch with eight gigabit PoE ports and a 200W PoE ...

Antaira's industrial unmanaged PoE gigabit switches offer a wide range of power over Ethernet plug-and-play models that boast low to high port counts, fiber connectivity, wide temperature ratings, and ...

Unmanaged 8-port Gigabit Ethernet switch is designed to expand connectivity in harsh environments, including factories, warehouses and construction sites.

TRENDnet's 8-Port Industrial Gigabit PoE+ DIN-Rail Switch is an industrial variable voltage switch that provides PoE+ devices with high-speed connectivity to your network with a 200W PoE power budget.

Plug-and-play Industrial switch ideal for deployment in industrial and outdoor ...
