

**FEATURES** Easy Fiber Coating Removal Lightweight, Shock Resistant, Portable, Rugged Design Fast Temperature Stabilization to Reduce Warm-Up Time 2-12 Fiber Ribbons or Single Fiber Stripping

With both shock-resistant and waterproof features, the JR-6+ is designed for optimum performance for easy fiber coating removal in harsh work environments. This lightweight and compact, yet rugged, ...

Designed for user-friendliness, the JR-6+ includes a console panel located on top of the remover for ease of operation, bright LED lighting for easier viewing of remover settings, and power save...

The required stripping force has been reduced 30% compared to other conventional stripper tools -- making the JR-6+ the industry's most advanced, rugged, and user-friendly optical fiber jacket remover.

Designed to strip the jacket of single fiber and ribbon cable up to 12 fibers, it offers extreme convenience under any tough environment. Benefits include fast heating time of 4 seconds and approximately 500 ...

Energy Saving Optical Fiber Thermal Stripping Machine, Find Details and Price about Fiber Stripper Fiber from Energy Saving Optical Fiber Thermal Stripping Machine - BengBu JiXin Communication ...

Designed for user friendliness, the JR-6+ includes a console panel located on top of the remover for ease of operation, bright LED lighting for easier viewing of remover settings, and power save and ...

Furthermore, the availability of alternative, albeit less precise, fiber stripping methods presents competition. Nevertheless, the advantages offered by thermal strippers, such as increased precision, ...

Designed for user friendliness, the JR-6+ includes a console panel located on top of the remover for ease of operation, bright LED lighting for easier viewing of ...

Our products ensure efficient, precise fiber preparation, helping enhance fiber optic network performance and reliability.

Ideal for field technicians, this thermal fiber stripper guarantees consistent performance, even during the most demanding operations. No need to rely on a fixed power supply: its large battery capacity ...
