

German manufacturer DAC high-speed cable OSFP

The 400G OSFP56 Passive Direct Attach Copper Twinax Cable is designed for use in 400GBASE Ethernet.,OSFP56 is the module and cage/connector system based on current OSFP, targeting to ...

400G/200G OSFP Direct Attach Cable copper cable assemblies (DAC) are a low cost alternative for 400G Ethernet applications. They are designed to be fully compatible in form factor and ...

Our OSFP DAC cables transmit 800 and 400 Gbit/s between servers, switches, routers and storage systems in data centers.

BlueOptics offers premium 400G Active Optical Cables (AOC) and Direct Attach Copper (DAC) cables, specifically designed for QSFP-DD (Quad Small Form-Factor Pluggable Double Density) and OSFP ...

High-speed Volex Direct Attach Copper (DAC) cables deliver reliable, energy-efficient data transfer for data centers. Customizable, tested and ready to deploy.

5F, No.111-2, Xinde Road, Sanchong Dist., New Taipei City 24158, Taiwan (R.O.C.)

TE Connectivity"s (TE) next-generation OSFP 224G copper cable assemblies are designed to meet the evolving needs of high-speed and high-density data centers and cloud computing environments.

High-speed I/O passive cable assemblies that can deliver data rates as high as 400 Gbps with a variety of lengths or customized options for greater design flexibility.

Amphenol is leading the industry in OSFP cable development.
