

High-precision coarse wavelength division multiplexer from Columbia factory direct supply

The Coarse Wavelength Division Multiplexer (CWDM) series use environmentally stable thin film filter and advanced packaging technology to achieve wide passband, low insertion loss, high channel ...

View product information for Coarse Wavelength Division Multiplexer Mux & Demux Module 8 Channels and Express port, LC/PC Connector.

The MPS-2800 Singlemode Coarse Wavelength Division Multiplexer (CWDM) provides a cost effective solution, for increasing fiber optic network signal capacity by enabling the simultaneous transmission ...

Cassette 16 Channel Coarse Wavelength Division Multiplexer CWDM - Cassette 16 Channel Coarse Wavelength Division Multiplexer CWDM 1. Wide passband 2. Low insertion.

Rack-mountable CWDM product sets are engineered around Corning hardware platforms, including Eclipse[®], LDC and ACHTM families. These housings may utilize modules with ...

Our CWDM products directly address the competitive market needs for metropolitan and access wavelength management. Custom channel plans are available upon request.

Coarse Wavelength-Division Multiplexing (CWDM) entails transmitting signals at multiple widely spaced wavelengths through the same fiber. Standard spacing is 20nm, although ACP offers other options ...

The FiberPlex WDP16 is a rack-mountable passive 16 channel coarse wavelength division multiplexer. Unlike the similar FiberPlex products in the WDM series, this unit is passive and all connected fiber ...

As specialists in WDM multiplexing, Pro Optix offer four different series of WDM multiplexers to our customers, depending on performance and density requirements, so please liaise with the Pro Optix ...

FIBERONE[®] offers a complete line of wavelength division multiplexers, including WDM, CWDM, and DWDM modules. These wavelength division multiplexers enable fiber optic networks to mux or ...
