

It's two and a half metres high and one metre wide. The corn grew waist-high (= as high as a person's waist) in the fields. high The garden is surrounded by a high wall. tall Mount Everest is the world's ...

Fiber optic cable is designed to transmit data using light signals instead of electricity, making it faster, more secure, and immune to electromagnetic interference compared to traditional copper cables. An ...

FS provides multiple fiber optic cable types and cabling solutions proven in the demo scenario lab to ensure reliable high-speed network connections for data centers and enterprise.

If something is high, it is a long way above the ground, above sea level, or above a person or thing. I looked down from the high window. The bridge was high, jacked up on wooden piers. The sun was ...

This cable is engineered to provide reliable and efficient connectivity for 100 Gigabit Ethernet, InfiniBand EDR, and other high-speed interconnect applications.

HIGH definition: having a great or considerable extent or reach upward or vertically; lofty; tall. See examples of high used in a sentence.

We offer fiber optic cable by the foot in a variety of fiber types and strand counts to meet your network installation needs. Whether you're building a new system or expanding an existing one, our fiber ...

The essential features of fiber optic cable and how to choose the right fiber optic cabling for your high-speed network.

High definition: Far or farther from a reference point.

High (adjective, informal): Intoxicated by drugs or alcohol. The word &quot;high&quot; is a versatile term with multiple meanings and applications, spanning physical elevation, emotional states, and ...

high implies marked extension upward and is applied chiefly to things which rise from a base or foundation or are placed at a conspicuous height above a lower level.

High-speed 40G to 4x10G breakout active optical cable for data center stacking, server interconnects, and enterprise networks with low latency and superior signal quality.

Our active optical fiber optic cables" increased bandwidth and electrical hot-pluggable make them ideal for applications that call for high-speed data transfer.

Active Optical Cables (AOCs) are high-speed fiber cable assemblies that integrate active transceivers at both ends, enabling reliable data transmission over longer distances than copper alternatives.

100G High Speed: DAC high speed cable is fully compatible, plug and play, 100G high speed optical cable, dedicated to stacking and cascading between big data devices.

Definition of high adjective in Oxford Advanced American Dictionary. Meaning, pronunciation, picture, example sentences, grammar, usage notes, synonyms and more.
