

With multiple industry-leading intellectual properties and patents, Huawei provides more than a hundred switch models in more than 10 series, including access, aggregation, and core switching.

CloudEngine S12700H series switches are Huawei's next-generation modular core/aggregation switches designed for high-end campus networks in the all-wireless era of Wi-Fi 6/7. CloudEngine S12700H ...

With two swappable fans, the S6700 has a longer MTBF time than counterpart switches. The S6700 supports multi-process MSTP that enhances the existing STP, RSTP, and MSTP implementation by ...

Huawei Ethernet Switches Turbocharge your enterprise network with high-performance, high-availability for resilient services and simplified management.

With this technology, a physical network with core/aggregation switches, access switches, and APs can be virtualized into one logical switch, offering the simplest network management solution.

Huawei CloudEngine S16700 series switches (S16700 for short) are next-generation modular core switches designed for high- end campus networks in the fully-wireless era.

Next generation CloudEngine S5732-H Series Multi-GE Switches offers either 24 or 48 downlink ports -- up to 10 GE -- alongside four 25 GE uplink ports and either ...

After the stack finishes startup, the switch with stack ID 1 becomes the master switch, the switch with stack ID 2 becomes the standby switch, and the switch with stack ID 3 becomes the slave switch.

In this example, a CSS of core switches functions as the gateway for wired and wireless users on the entire network and is responsible for routing and forwarding of user services on the entire network.

CloudEngine S6780-H series switches are Huawei's next-generation 2 U flexible card switches. They provide high-density 100GE and 400GE optical ports, and feature ...

Realize wired and wireless convergence from access to core, manage up to 10,240 APs with a single switch, and achieve simplified O& M with unified user authentication.

Huawei CloudEngine S12700E series switches deliver high performance, unmatched security and reliability at the core of high-end campus networks. Learn more!

Explore Huawei CloudEngine S8700 modular chassis switches, designed for enterprise cores and data centers,

Huawei s two core switches

these switches deliver up to 16 ...
