

This manual provides detailed instructions for the keepLiNK 5-Port Industrial Unmanaged Ethernet Switch, Model 5 Port Industrial. Learn about its features, setup, operation, and maintenance for ...

10/100/1000Mbps Ethernet Switch: keepLiNK 5 ports industrial ethernet switch have 5 RJ45 ports Gigabit half/full duplex. Switching capacity: The network switch allows for a 14Gbps switching ...

Discover the next generation of KeepLiNK switches, engineered for multi-gigabit performance, robust data transmission, and durable industrial ethernet solutions for challenging environments.

Ethernet port interface: 5 x 10/100Mbps fast ethernet ports. Switching capacity: This industrial network switch allows for a 1Gbps switching capacity. Ultra Protection: IP40 rated protection, Anti-vibration, ...

Keeplink Industrial Switch KP-9000-45-5TXm 5 Port Industrial Switch Free Shipping

Keeplink Industrial Ethernet Switch Is Designed To Match The Critical Industrial Standards. With Reliable And Simple Operation Against Vibration And Shock, And Wide Operation Temperature ...

This industrial-grade 5-port gigabit switch offers blazing-fast data transmission and rock-solid reliability, no matter the environment. Built for demanding settings, it handles extreme ...

About this item Ethernet port interface: 5 x 10/100Mbps fast ethernet ports. Switching capacity: This industrial network switch allows for a 1Gbps switching capacity. Ultra Protection: IP40 rated ...

KeepLiNK Industrial Switches drive network acceleration and reduce bottlenecks in production environments. Developed for seamless expansion, every KeepLiNK gigabit switch in our line ...

keepLiNK industrial ethernet switches are designed to withstand high levels of vibration and shock. Special design to prevent static interference can make the unmanaged network switch operate more ...
