

FS fixed and variable fiber optic attenuators with leading attenuating fibers guarantee consistent and stable fiber attenuation (0~60dB) in WDM transmission.

Motorized Variable Achromatic Attenuator 10MVAA is designed to control ...

LongXing supplies optical attenuator adjustable type which is used in the fiber optic communications to reduce the optical fiber power

OZ Optics offers a broad range of both variable and fixed attenuators having key competitive advantages. All of our attenuators operate over the two standard wavelength bands, the C-Band and ...

Thorlabs has a wide variety of single mode (SM), polarization-maintaining (PM), or multimode (MM) fixed and variable optical attenuators (VOAs). We offer SM and PM electronic VOAs that provide control of ...

Motorized Variable Achromatic Attenuator 10MVAA is designed to control emission flux of lasers and incoherent monochromatic sources -both in broadband spectral (200~2400 nm) and large dynamic ...

VIAMI offers the industry's most complete range of optical attenuators for installation and maintenance of singlemode and multimode fibers and advanced, photonic-layer solutions for lab and production ...

Shop DigiKey's large in-stock selection of Fiber Optic Attenuators. View inventory, pricing and order now for same day shipping!

The leading Fiber Optic Attenuator Manufacturers in Lithuania are listed in this directory. You can narrow down the list of manufacturers based on their location and capabilities, browse their product catalogs, ...

The Kingfisher International OPT716 series adjustable fiber optic attenuator is an inexpensive un-calibrated device typically used to adjust an optical power level, or perform margin testing on a fiber ...

Optical attenuators are devices that reduce the optical power of a light beam by a fixed or variable amount. Key requirements include minimal effect on the beam profile, low wavelength and ...
