

Procurement of Polymer Composite Cable Trays

Made from the highest quality pultruded materials, our Fiber Reinforced Polymer (FRP) cable tray is extremely durable and resistant to chemical attack, with a proven record of performance in the most ...

Lightweight, non-conductive FRP cable trays for harsh industrial environments. 100% corrosion-resistant with 25+ year lifespan. Free consultation & site assessment.

Unicomposite fiberglass ladder tray is available as a complete Cable Management Support System, in compliance with internationally accepted standards and project specifications.

Explore high-quality FRP Cable Trays by ARC. Durable, lightweight, and versatile solutions in ladder and perforated types. Ideal for diverse load capacities!

We offer a comprehensive range of GRP-FRP products, including fiberglass cable trays and FRP cable management systems, providing reliable and durable solutions for GRP cable management.

EDGE TRAY by CREO Composites represents our advanced line of FRP (Fiber Reinforced Polymer) cable tray systems, developed in close collaboration with trusted manufacturers.

Our trays are manufactured from Fiberglass Reinforced Plastic (FRP) using high-grade resins to ensure outstanding corrosion resistance, mechanical strength, and electrical insulation.

Key Features of GFRP Cable Trays Engineered for reliable cable routing in corrosive and electrical installations.

FRP cable trays are available in a variety of colors and can be customized according to requirements. During the extrusion process, a protective layer can be added to increase the corrosion resistance ...

At IndiGrate Composites, we design and manufacture FRP Cable Trays that combine strength, durability, and corrosion resistance to deliver unmatched performance in the harshest environments.
