

SCALE CPO solution is the industry's first OCI MSA capable platform and built with GF's proven silicon photonics technology MALTA, N.Y., May 04, 2026 (GLOBE NEWSWIRE) -- ...

NVIDIA is developing a co-packaged optics (CPO) platform that integrates optical and electrical components to improve data-center connectivity, in collaboration with industry partners like ...

Our core strengths are the unique low-power design of optical modules, multi-channel optical component packaging technology, optical module design, and the unique low-cost testing capabilities and ...

MALTA, N.Y., May 4, 2026 -- GlobalFoundries (GF) today announced the introduction of its SCALE optical module solution for co-packaged optics (CPO). GF's SCALE solution, or Silicon ...

Discover our modular optical platform for rapid photonics prototyping, spectroscopy development, fluorescence detection, and custom optical system design using interchangeable detectors and light ...

Zhongji Innolight Co., Ltd. (SZ: 300308) is a professional high-speed optical module solution provider and a technology-innovative enterprise integrating R& D, design, packaging, testing and sales of high ...

The development and production of optical components is our special discipline. With many decades of experience and comprehensive system expertise, we combine individual components into complex ...

NVIDIA is developing a co-packaged optics (CPO) platform that integrates optical and electrical components to improve data-center connectivity, ...

GlobalFoundries (GFS) unveils its SCALE(TM) optical module, setting a new benchmark for co-packaged optics and bandwidth density in advanced AI data centers. The new platform meets ...

The platform is designed for process development, prototyping and production scaling and enable high-precision positioning, alignment and metrology in photonics, semiconductor and life sciences.

Technological Innovation: GlobalFoundries has launched its SCALE(TM) optical module solution, becoming the industry's first platform compliant with the Optical Compute Interconnect Multi ...
