

Thorlabs' SM1950 fiber enables single mode transmission from 1850 - 2200 nm. This fiber features a Ge-doped silica core surrounded by a pure silica cladding and a UV-cured acrylate coating.

Fiber Optic Cable, Tight Buffer, Single-Mode, 6 Strand, 8.3/125, Corning glass, OFNP, Plenum, Indoor/Outdoor, dry, super absorbent polymers eliminate water migration, Jacket Diameter: 0.23", ...

AMC's full line of singlemode jumpers provides high bandwidth and transmission rates and supports longer distances. Our jumpers are perfect for use with today's high-speed networks while providing ...

Cables with fiber counts from 2 to 144 are available. Suitable for lashed aerial, duct, underground conduit and indoor plenum environments. Supported applications include Gigabit, 10 Gigabit and 40 ...

Belkin Singlemode SC/SC Duplex Fiber Optic Patch Cable meets and exceeds industry standards for fiber optic data transmissions, including most local area networks.

The durable 2ZR8AB-3 - 3" Singlemode Duplex Fiber Optic Cable with ST-SC connectors help add fiber capability to industrial applications. 3 feet in length, diameter of 8.3/125, and maximum insertion loss ...

Single-mode fibers are known for their lower attenuation and ability to transmit signals over exceptionally long distances. Featuring a smaller core diameter (typically 8-10 microns), they're ...

Premium Construction: Features premium PVC 8.3/125 micron singlemode patch cables with fiber made from durable glass, ensuring robust performance and longevity.

Bittree's Fiber-Optic Patch Cable, SC to SC, 8.3/125µm Single-Mode, OS1. Product Features:

8/125 SINGLEMODE WP9W043T 2 Fiber SingleMode Indoor/Outdoor OFNP Price: \$0.30 SKU: WP9W043T
