

Explosion-proof junction box is a special power distribution equipment used in various high-risk places. Compared with civilian junction boxes, it is a power distribution box with explosion-proof function that ...

Featuring a 7032 powder electrostatic spraying process, the surface offers excellent anti-corrosion and anti-rust performance for long-term use. Compatible with various concealed and surface-mounted ...

A Stainless Steel Distribution Box from EPCOM offers an ...

Posi Fit(TM) box for use in Group I mining (low impact areas), Group II and Group III applications. High-temperature resistance, corrosion-resistant and anti-static properties.

Built with explosion-proof and anti-corrosion features, this distribution box provides exceptional protection for electrical equipment in hazardous industrial and outdoor applications.

Good anti-corrosion protection makes ZCEBOX junction boxes suitable for harsh working conditions.

A Stainless Steel Distribution Box from EPCOM offers an unparalleled solution for protecting sensitive electrical and electronic components. Designed for durability and resilience, these enclosures are ...

Explore our range of stainless steel options for enhanced corrosion resistance. Choose our Distribution Box Enclosures for a perfect blend of strength, safety, and cost-effectiveness in your electrical ...

Our main products are explosion-proof lightings, explosion-proof distribution box, explosion-proof cable gland, explosion-proof fans, explosion-proof junction box and anti-corrosion & dustproof & waterproof ...

Choose from our selection of corrosion-inhibiting compartmented boxes in a wide range of styles and sizes. Same and Next Day Delivery.

The enclosure is constructed from glass fiber reinforced unsaturated polyester resin molding or high-quality stainless steel welding, offering corrosion resistance, anti-static properties, impact resistance, ...

Designed for harsh industrial environments, our Waterproof, Dustproof, and Corrosion-Resistant Distribution Boxes ensure unmatched protection and reliability in hazardous settings such as ...
