

# Swedish Mini PLC Splitter Anti-CRT Manufacturer Direct Supply

Download the PLC splitter 1x8 PDF here for Full Specifications: Optosun technology high performance PLC Splitters.

32-way PLC miniaturised splitter with 2 inputs; suitable for the realization of redundancy in GPON systems; based on waveguide planar technology that allows very low insertion losses. Suitable for ...

Planar lightwave circuit (PLC) splitter is a type of optical power management device that is fabricated using silica optical waveguide technology to distribute optical signals from Central Office (CO) to ...

PLC splitters are used to provide a compact and reliable method to split the optical signal. Splitters are available with up to 64 outputs and are an ideal solution for passive optical networks.

PLC Splitter (Planar Lightwave Circuit) med 2.0 mm fiber (G657A), med LC/APC kontakter, monterat i en LGX-modul. Splittern har 1&#229;g d&#228;mpning (> 55 dB), 1&#229;g insertion loss och 1&#229;g PDL.

Splitter minimodule 900 micron is based on the PLC (Planar Lightwave Circuit) technology, which has a compact size. 1xN and 2xN configurations are available. They combine the small packaging of bare ...

PLC splitters are split or combine light from one or two incoming fibers to multiple numbers of outgoing fibers having 1 or 2 input channels and up to 64 output channels. They perform uniformly over a wide ...

V&#229;ra PLC splitters jobbar dessutom i ett brett v&#229;gl&#228;ngdsomr&#229;de (1260nm-1600nm) vilket g&#246;r att de kan anv&#228;ndas f&#246;r b&#229;de CATV n&#228;t & PON n&#228;t. V&#229;ra 2.0mm PLC Splitters levereras i en ABS-l&#229;da med ...

Tele/data och s&#228;kerhet (50-63) 50 - Telen&#228;t och optomateriel Optomateriel PLC Splitter 45PNN1042

Specified without connectors. Add an additional 0,2dB loss per connector. Operating Temperature (&#176;C): -40~85. Storage Temperature (&#176;C): -40~85. IL, PDL, WDL can also be customer specified. EUR: ...
